

THE TRUMAN SHOW

AGES: Middle School and High School

DESCRIPTION

Using a varied soundtrack, students improvise on a given start topic and adjust as the soundtrack changes

MATERIALS

A CD or MP3 player with varied soundtracks or a Mac and Garage Band.

FULL LESSON PLAN

Students are split into groups, a single group chooses an improvisational prompt from our box (full of short improv prompts). They have 1 minute to discuss how to start the exercise. Once they have begun, fade in a background track, students should be encouraged to act **to** the soundtrack. As the scene progresses, change sound cues at your leisure.
