

WHAT I DID THIS SUMMER

AGES: Elementary and Middle School

DESCRIPTION

Allow students to share information with each other and see if they can identify *wants* and *goals* in the story.

FULL LESSON PLAN

- 1) Divide into groups of 2-3.

 - 2) The group will first tell each other briefly something interesting that happened to them that summer.

 - 3) They will then choose one story and improvise a short scene to perform for the class.

 - 4) Ask students to identify what each character *wants* in the scene and how he or she tries to achieve that goal.
- ~ This will necessitate your helping them compromise within a scene, letting one storyline be more prominent etc.
